

## WestMED Initiative – Priorities for next years

**17th of November | 15:30-17:30 (CET)**

**Virtual Event hosted by Business2Sea 10th Edition**

### **Proposals to the design of new ideas and projects**

*The main aim of this template is that each National Hub fills it in, identifying and sharing a project idea, that can be developed under WestMED Initiative. The proposals will be presented during the Webinar on WestMED Initiative – Priorities for next years, that will take place on the 17<sup>th</sup> of November, within the international event Business2Sea. The Webinar is organised by the Portuguese National Hub and WestMED Central Team.*

National Hub

Italy

Title of the project (preliminary/indicative)

Westmed maritime clusters networking and development

Short description of the project (including problem to solve, objectives and outcomes)

– 600 characters maximum

In the fields of recreational boating and of sustainable fisheries, the COSME call could represent a good occasion to establish a partnership among the northern shore maritime clusters, with Tunisia and Morocco as “third countries” (non-EU, non COSME countries), with their maritime cluster and consortium, respectively.

Still one “northern” partner missing and possibility to include a further “third country”

#### Partnership (potential partners)

Spain,  
Italy,  
France (?)  
Tunisia  
Morocco

#### Duration

30-36 months

#### Funding Programme (possible funding programmes)

COS-CLUSINT-2020-3-01: Clusters Go International: The deadline for electronic submission is **2 December 2020, 17:00 hours (Brussels time)**.
